## Guidelines on Documentation and Submissions of Dissertations

### 1. Introduction

All undergraduate students at the SLIIT should follow the under mentioned instructions before preparation of their proposal report.

The proposal report will not be accepted if the students have not prepared the proposal document according to these guidelines.

### 01. Page Format

1.1. General Instructions: International A4 white paper of good quality (80 gsm) should be used. Other paper may be used if required (e.g.: for maps) on the instructions of the supervisor.

1.2 Submission: The document should be word processed and double sided. One and a half line spacing is required, except for the abstract, tables and indented quotations where single line spacing may be used.

1.3. Fonts: A conventional font type must be used and text should be in **Times New Roman**.

- Chapter heading : All Capital—14 Font size, Bold
- Section heading : Title case-12 Font size, Bold
- Sub-section heading : Sentence case-12 Font size, Bold
- Body text : Sentence case - 12 Font size
- Tables and Illustrations : Font size may be varied while maintaining legibility

1.4. Margins of 40 mm on left & bottom and 25 mm on top & right should be used (Refer Appendix I).

### 02. Pagination

Each page should have page numbers except the "Title" page. Lower case **Roman numerals** should be assigned centered at the bottom of the page to all "preliminary pages" (Refer Appendix II; i - ix in content page). Pagination of the body text and appendices is to be in **Arabic numerals** centered at the right

bottom of the page. The pagination begins with the first page of the first chapter and continues throughout the rest of the text.

### 03. Tables and Illustrations

Tables are grids consisting of columns and rows that present numerical or verbal facts by categories. Figures include charts, graphs, diagrams, photographs, maps, musical examples, drawings and other images. All these types of nontextural material are collectively referred to as illustrations. All tables and figures must be referred to in the text by number (not by a phrase such as "the following table"). Charts, graphs, maps, and tables that are larger than the standard page should be attached as Appendices. Tables and illustrations should be centered (See figure X.Y and table X.Y where X is Chapter no and Y is serial No.).
